**Buckhead Heritage To Reveal Interpretive Signage and Exhibit Art Concepts for
Parks and Plazas at Taste of Buckhead Event**

BUCKHEAD/ATLANTA (August 27, 2014) – Buckhead Heritage has worked over the last ten months with a 28-member Steering Committee representing non-profit organizations, neighborhood associations, area conservancies, and local government to create an Interpretive Master Plan for Buckhead. Consultants from Signature Design have worked with the team to develop an overarching and integrated set of Buckhead storylines, create a storyline site map, conceive preliminary concepts for interpretive signage and exhibit art, and produce a strategy for implementation. The Interpretive Master Plan for Buckhead is scheduled to be completed in October.

Buckhead Heritage will reveal the plan's finalized interpretive signage and exhibit concepts to the public at the Buckhead Business Association's 10th Annual Taste of Buckhead event on September 18, 2014 at 5:30 p.m. at the Buckhead Theatre at 3110 Roswell Road, Atlanta, GA 30305. Part of the proceeds from a live and silent auction at the event will benefit Buckhead Heritage and the interpretive program. General admission tickets are \$50 until August 31, 2014 and \$75 after August 31, 2014. For more information on the Taste of Buckhead event, visit www.buckheadbusiness.org.

Erica Danylchak, Executive Director of Buckhead Heritage, said, "Buckhead Heritage is excited to reveal the interpretive concepts our team has developed to the public. Unconventional exhibit art, along with interpretive signage, will be used to evoke Buckhead's history in imaginative ways in parks and urban plazas in the community. The interpretive master plan will serve as our roadmap over the next several years for building an engaging and memorable interpretive experience in Buckhead."

The Interpretive Master Plan for Buckhead is an outgrowth of the Buckhead Greenspace Action Plan. During the community engagement process for the Greenspace Action Plan, stakeholders agreed that integrating Buckhead's cultural and historical assets into the community's greenspace system through interpretation would enrich the experience of Buckhead's existing and future network of parks, trails, and greenspaces, further the community's awareness of Buckhead's history, and position Buckhead to take advantage of the State of Georgia's fastest growing tourism industry segment—Heritage Tourism.

The Buckhead Heritage Society is a non-profit organization dedicated to identifying, preserving, and promoting Buckhead's historic resources. For more information on Buckhead Heritage and the Interpretive Master Plan project, please visit www.buckheadheritage.com.
